Skigo Cup, Kiruna

Welcome to the competitions that consists of two individual races. Saturday is middle distance in darkness (bring your head light) and Sunday short distance. The competition areas are around Matojärvi and for the longer courses around Varggropen. In the Matojärvi there are many ordinary ski tracks. In the other part there are mainly snow mobile tracks. As snow mobile is very popular in Kiruna there can be tracks not at the map. Some part of the courses crosses ordinary snow mobile tracks where traffic can be ongoing so be careful.

When the mining company LKAB is searching for ore in the competition area two driving paths are going through the area. They are marked as black driving path symbol. It's possible to ski on those paths but watch up for stone. There can be traffic on the driving paths so be careful.

The competition center is at Matojärvi sporting center and parking can be done at certain parking places. There are plenty of snow – about 75 cm.

Map scale: 1:7500 for HD12-14, D16, D45, D55, HD65 and Ö1, other classes 1:10000.

Punching system: SportIdent. -3 min before the name is called and the card is emptied. -2 min the card is checked and at -1 min the map is given. Time start is done except in open classes where start punching is done. Finish punching must be done. If SportIdent card is not working (sound and light tells if it works) the punching can be done on map.

First start: 4:30 pm Saturday and 10 am Sunday. Head light must be used Saturday. The light for the light tracks will be on. In case off heavy snowing during the night before competition mass start may be implemented. In case of that the start time is decided on the day of the competition.

Start place: In sight of competition center both days.

Kontroller: Tree sticks with SportIdent unit and punching device mounted on the sticks. Reflex sticks will also hang at the control. The code number at the Sport Ident unit is the correct number.

Prizes: Only in the youth classes based on total results after Sunday competition.

Course length (as the bird flies/best route choice)

Classes	Saturday	Sunday
H21,Ö6	8400/13430	6500/10230
