

25-26th APRIL 2015

**Get a taste of the World Championship 2016!
Welcome to Dalsland!**

Welcome to the North of Dalsland and Fengersfors 25-26th April 2015!

Stigsökarna and Åmåls OK are honoured to host the first two parts of the 2015 WRE status Swedish League competition and their accompanying public races.

Stigsökarna and Åmåls OK are proud to have been chosen to arrange this event and look forward to welcoming many world class elite orienteers during the two days of the competition. The clubs will use their previous experience in arranging events such as the Swedish Championship races, Silva J-cup, and Götalandschampionship.

The main venue for the days' events is Fengersfors, by the bathing area.

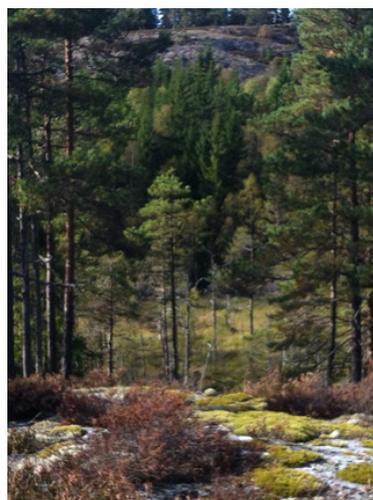

Day 1: Saturday 25th April, long distance (WRE) and public race Stigsökarträffen.
Day 2: Sunday 26th April middle distance (WRE) and public race Ändå Något.

The races take place in the hilly and wild terrain of Dalslandsmassivet, which reflects the terrain of the long distance

Orienteering World Championship 2016 in Strömstad and Junior Orienteering World Championship 2015 in Norway.

The map for the competition has been updated for Swedish League by Svein Bakken and covers a 15 km² competition area in Fengersfors.

The event days will take place against the backdrop of a most challenging terrain and are guaranteed to be exciting.
