

2015

Preliminary pre-race info for the TrailO-Relay organized on Friday May 15th 2015 by Stenungsunds OK and Kungälv OK.

- Competition class:** A-class, 3-leg relay with 8 controls/competitor. The controls may be solved in random order.
- Courses, max time:** 3,6km. Maximum time is 204min.
The course uses forest roads in a forest with moderate contouring.
10min is added to the maximum time for each competitor who uses a wheelchair.
- Start, exchange:** Mass start at 13:00. Start, exchange and finish are in the same location close to the arena.
All competitors must wear a number bib, 1st leg no. 161..., 2nd leg no. 261... and 3rd leg no. 361...
- Punching card:** Each competitor receives their own map and punching card. Officials will mark which controls that have already been solved. If, at the exchange, a competitor has solved more or less than 8 controls the last solved or unsolved control will be marked as an invalid answer.
- Quarantine:** At 13:30, all competitors on leg 2 and 3 must be at the quarantine zone to prevent contact with competitors on previous legs.
- Timekeeping:** Each team uses a single SportIdent-card. The Si-card is punched when arriving to the exchange, handed over to the next legs competitor and punched again when leaving the exchange. By doing so the time spent in the exchange area, where a punching control is conducted, will not be included in the maximum time. It is the teams own responsibility to keep track of their teams used time (it is permitted to hand over a stop watch that does so). It is possible to rent a SI-card for SEK25 (loss of rented SI-card is charged by SEK300).
- Time control:** The time control – TempO-station with 4 tasks where zero-answers is a possibility – is located directly after each leg is completed.
- Results:** Are calculated according to the new TrailO-Relay rules. Each wrong answer in the PreO part renders 60 sec penalty time and 30sec in the TempO part. The end result is the total of PreO penalty time + TempO penalty time + TempO answering time.
- Assembly:** Toröds Friluftsanläggning (Recreational area), Jörlanda. 58°00'14"N, 11°52'27"Ö. Parking at the arena. Exit E6 southbound at Stora höga (no. 90), then towards Stora Höga/Jörlanda, flags will show the way. Exit E6 northbound at Jörlanda (no. 89), then towards Stora Höga, flags will show the way.
- Map/Terrain:** New map and revised for TrailO 2013/14/15 with the help of laser scanned material by Mats Karlsson. Scale 1:5000, contour interval 4m.
- Service:** Kiosk indoors in club house and handicap toilet outside in a tent.
- Event director:** Roger Borg, +46 706 35 31 32 and Britt Karlsson, +46 703 16 16 21
- Course setter:** Roger Johansson, +46 703 77 90 89 and Mats Karlsson, +46 702 87 04 17
- Controller:** Bernt Gustavsson, +46 706 38 42 51

Welcome to Toröd!
