

Memo for public transport and bicycles 25manna October 7 - 8 2017

Public transportation

Public transport by train to Tumba (for time table see www.sl.se). Bicycles are permitted on the train in accordance to SL:s regulations.

From Tumba, take bus 716 toward Bremora to the end station Bremora. The buss departs every half hour (:22 and :52, the journey takes about 15 minutes). The walking distance to the arena is ca 1500 meter (larger paths/fields/gravel road) and is marked with red/white tape. Due to safety reasons, 25-manna wants to dissuade participants to get off at the station Vretabergsvägen. This due to the last stretch leading to the arena being very narrow and having busy traffic during the days of competition.

Bicycles

From Tumba, the distance to the arena is ca 8 km, and from Södertälje, it's ca 15 km. Follow signs toward car parking areas.

There is a bicycle lane leading from Tumba to Vårsta, but the last three kilometres, as well as the stretch from Södertälje, is allocated to the same busy roads as the cars. Be careful and use a helmet.

The bicycle parking is located to the north edge of the parking field, 200 meters from the arena.
