WOMEN'S TEAM TIOMILA

To be able to follow up on teams consisting of only women, we ask that you e-mail: tavling2018@10mila.se when signing up in Eventor.

RIGHT TO PARTICIPATE

We allow teams to participate even if they are not registered in Swedish Orienteering Federation, SOFT, such as corporate teams, nostalgia teams etc. If such a team includes one or more members of a SOFT-registered club, they must have their club's permission to participate.

COMBINATION TEAMS AND RELAY BANK

SOFT's rules allow for combination teams with members from several clubs if they do not have enough participants for a full team on their own. A relay bank will be available at www.10mila.se, where runners can look for teams and vice versa.

PARTICIPATION IN MULTIPLE CLASSES

- Girls who have run Ungdomskavlen may participate in Damkavlen and Tiomilakavlen.
- Boys who have run Ungdomskavlen may participate in Tiomilakavlen.
- Women who have run Damkavlen may participate in Tiomilakavlen.
- Runners may **NOT** participate more than once in the same class.

COACHES

Each team may have a coach present in the exchange zone during the race. A entry card will be enclosed in each team envelope.

MAP

Offset printed map with scale for all classes and distances 1:10,000, contour interval 5 meters. The map is printed by Kartsam.

Drawn 2017 by Roger Åsberg. Drawn from laser-scanned base material according to the new map standard ISOM2017.

TERRAIN DESCRIPTION

Terrain type

The area is characterised by its proximity to the coast, archipelago and influence from the last ice age. There are a number of significant heights where the terrain has wilderness-like properties with numerous steep slopes and detailed, at times complicated curves. Between the heights is mainly flat land with more or less overgrown farmland. A small number of roads and paths are scattered throughout the area. Close to the arena, where Ungdomskavlen is located, there are more frequent paths. Small marshes and swamp forests can be found throughout the area, which mainly consists of mixed forest.

Hills

The area is moderately to highly hilly, broken ground with distinct heights and plenty of steep slopes. The lowest areas often consist of uninterrupted, formerly farmed land.

Passability

The passability is generally good but there are many sections with rocky terrain, which affects running conditions. Many slopes feature frequent larger and smaller rocks. A few smaller vegetation areas limit the passability somewhat. Visibility is overall good, by the white areas of the map include areas with partially limited visibility.

TRAINING PACKAGE

Several different training packages are available leading up to the competition. For more information and booking, visit www.10mila.se. Lodging suggestions can be found under "Lodging" on the website.

OLD MAP

An older map of the area can be downloaded from www.10mila.se.

LINEUP CHANGES

Team line-ups must be submitted via Eventor. The deadline for submitting line-ups via Eventor is Friday April 27 at 21:00 for all classes. After this point, changes can be made at the competition office up to one hour before the start of the race, but only if there are valid reasons for the change. Line-up changes must be justified in writing and are approved or rejected by the organiser.

STARTING POSITION

Start numbers are allocated based on placement in 10MILA 2018 for the 100 best teams in Ungdomskavlen and the 150 best teams in Damkavlen and Tiomilakavlen. Additional start numbers are allocated on a first come, first served basis.

PUNCHING SYSTEM

Sportident will be used for all races as well as Open Course.

PLEASE NOTE! Leg 10 of Tiomilakavlen has **over** 30 controls which means that SI5 and SI8 cannot be used as they only store 30 punches. PLEASE NOTE! An SI card can only be used once in one of the three races.

TIOMILA OPEN COURSES

Open courses are available on Friday April 27 and Saturday April 28. Applications for the open courses can be submitted at the arena. The start and finish is approximately 900 meters from the arena and located in a separate terrain area.

Map

The map has been produced in 2017 by Roger Åsberg and is part of the Tiomila map which is not used during the races.

Terrain description

The area is characterised by its proximity to the coast, archipelago and influence from the latest ice age. There are a number of significant heights where the terrain has wilderness-like properties with numerous steep slopes and detailed, partially complicated contour lines. Between the heights the terrain is mostly easily passable and with small elevation differences. A small number of roads and paths are scattered throughout the area. A few small marshes can be found throughout the area, which mainly consists of mixed forest. There are a few areas of rocky terrain and blockfields. There is no farmed land.

APPLICATION AND PAYMENT FOR TIOMILA

Applications are submitted via Eventor no later than Wednesday March 7 2018 at 23:59. After this point, late applications are accepted as outlined below. This applies to team applications, renting of SI cards, wind shelter spots and lodging (indoor lodging, space for tents, camper vans and caravan spaces). Applications are only registered after all fees have been received by the organiser. Failure to pay fees on time, or at all, results in applications being treated as if they were submitted late. All applications are done via Eventor.

LATE APPLICATION

- Applications and payments between March 8 and April 3 result in a fee increase of 50 per cent.
- Applications and payments between March 4 and April 19 result in a fee increase of 100 per cent. Any late applications are only accepted if there are open spots.

THE TIOMILA ARENA

Tiomila is best experienced on location at the arena. We offer an arena with a high degree of service and good hospitality. The arena is well-suited for audiences with good overview of the competitors along with big screens where you can follow the entire competition. We provide top of the line arena production to guarantee first rate entertainment. The Tiomila arena is centred on Kvarnågens IP, which has mostly hard surfaces and close proximity to all services.

Flag-free zone

To give audience at the arena the best possible experience, a flag-free zone will exist in the stands where club flags and similar items are prohibited, in order to not obstruct the view of the finish line and big screens. Please respect this. The area will be shown on the arena map.

SERVICE AT THE ARENA

Kiosks and food served indoors, with hot food and snacks, hot showers, sauna, toilets, sport sales, first aid and big screen available at the arena. The arena opens at 14:00 on Friday. The check-in for facilities including tent sites, camper vans and caravans is open between 16:00 and 21:00 on Friday and from 07:00 on Saturday. Showers are available from Friday until the arena closes on Sunday at 14:00.
