

PM - Bus

25manna weekend

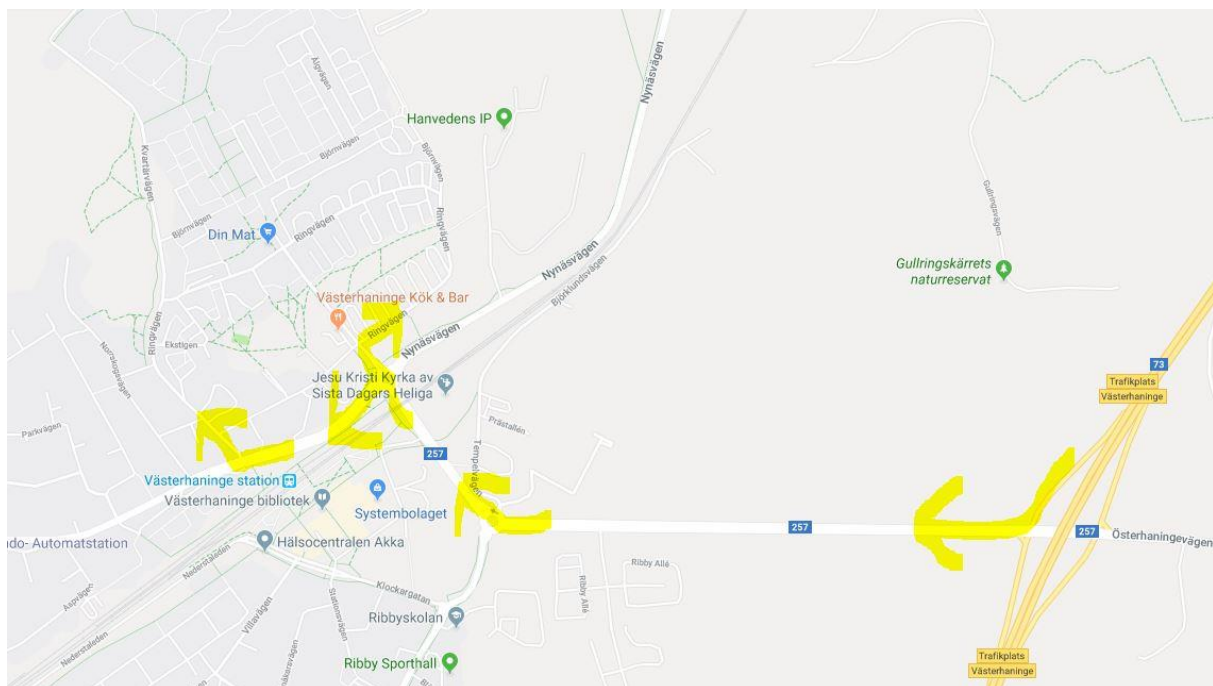

12-13th of October 2019

This PM is for all who arrive to 25-Manna with bus.

The way to drop zone

All buses shall go via the highway junction **Västerhaninge C** (exit towards **Västerhaninge N C**) on highway 73. Turn right onto road **257** towards **Tungelsta**. At the second roundabout at Åby there will be functionaries that gives directions. Orienteering posts as guiding marks will be placed from the first roundabout.

When arriving at Åby it's very important to follow parking functionaries' instructions.

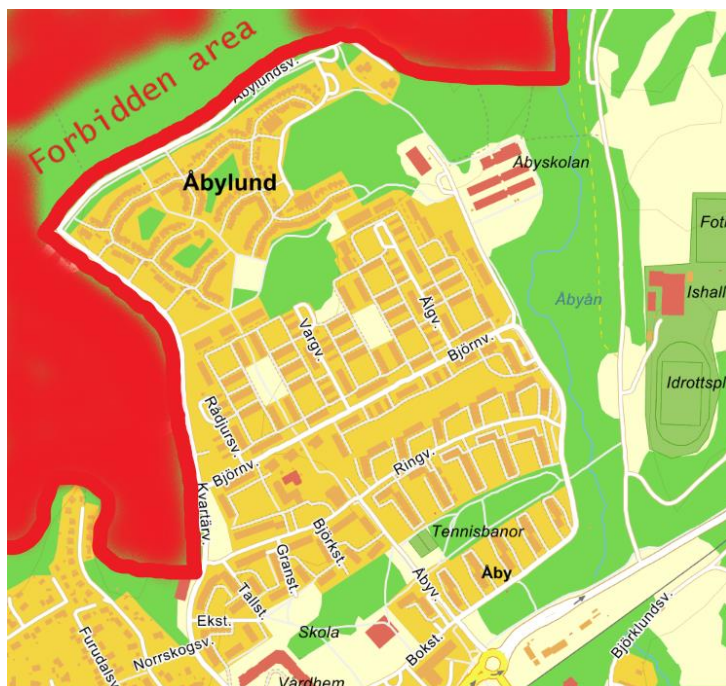

Bus disembarkation

All team leaders/drivers need to inform all bus travelers about these prerequisites in advance before arrival.

- Parking functionaries' instructions must be followed.
- Bus disembarkation must be done fast and the bus have to leave in 5 minutes after arrival. There will be a lot more buses to come.
- **Since the road is narrow, unloading from luggage room can only be done from the right side of the bus,**
- All bus travelers should at once start to follow the red/white streamers towards the Arena (approximately 1- 1,5 km walking distance)

Very important: The team leader must inform all passengers that the forest close to the drop-zone is a forbidden area. The team will risk disqualification if any team member enters the forest near Kvartärvägen and Åbylundsvägen.

Bus-parking

No buses can be parked at the drop-zone. They must be moved to parking places approximately 3–5 km from the Arena. When disembarking every driver will receive a map of where to go to park.

Bus embarkation

Bus embarkation will be in Åby with the same logistic as the disembarkation. It is important that the driver can communicate and tell the team where in Åby the bus will be standing to onload the bus. The team leader should have the number to the bus driver.

Following rules must be followed when embarking:

- Parking functionaries' instructions must be followed.
- Bus-unloading need to be done fast and the bus should be loaded in 10 minutes from arrival to give space to the other buses. Important that the whole team arrive at the same time to the bus.
- **Since the road is narrow, unloading to luggage room can only be done from the right side of the bus.**
